Utah County ARES Certification Program

Introduction
Utah County ARES (UCARES) has established a certification program to prepare members for Emergency Operations. Participation in this program is not required to join UCARES or use UCARES repeaters but it is encouraged and recommended. All Amateurs Operators are welcomed to participate as their abilities and schedule permits.

The Certification Levels are designed to increase your involvement and preparedness. It is recommended that everyone willing to participate with UCARES in an emergency situation, complete the first two levels. Those interested in being actively involved, or in serving in leadership positions, should complete all four levels. During a call-out or emergency operation, some assignments will be made based on the Certification Level of the operator. Any one interested in applying to the S.C.A. Team should complete all four certification levels as well as the packet and family certifications.

- **Level One** - prepares you for a participating role in Emergency Operations.
- **Level Two** - prepares you for a supporting role in Emergency Operations.
- **Level Three** - prepares you for a responsible role in Emergency Operations.
- **Level Four** - prepares you for a leading role in Emergency Operations.
- **Packet** - prepares you to use UCARES packet stations in Emergency Operations.
- **Family** - Preparedness prepares your family so you can help others during an emergency.

Completing a Certification Level
Certification is considered complete only after you have turned in your completed form to the Emergency Coordinator (EC) or an Assistant Emergency Coordinator (AEC). You may work on future Certification Level requirements before completing your current level.

It is important that you turn in your completed Certification Level form quickly. For an event to count towards a Certification Level, it must be within one year of completion of that Level. Exceptions may be made at the discretion of the EC.

After completing a Certification Level, it is expected that you will maintain the Equipment required for that Certification Level.

Visiting Liaisons
Part of Certification is becoming familiar with liaison locations. To complete these requirements, the visit must be during an ARES sponsored event (ARES net, RACES net, call-out, Interface meeting, SET, etc.). For a list of current operating liaison and EOC’s contact the UCARES Liaison coordinator.

Continuing Certification (Optional)
Continuing participation is essential to maintain preparedness and to stay current with protocols and

Visit [http://www.ucares.org](http://www.ucares.org) for the latest version of this document.

Revision 31 - 12/12/12
procedures. Once you have reached Level Four, you can optionally complete the Continuing Certification requirement on a calendar year basis. All participation for a given calendar year, even if used for completing a Certification Level, applies toward Continuing Certification.

**FEMA and ARRL Courses**

Included in the Certifications are courses given by FEMA and ARRL. These are considered essential to performing in leading roles during Emergency Operations. Proof of successful completion will be required before passing that certification. Several of these courses may be required to inter-operate with certain served agencies.

The National Incident Management System (NIMS) course (IS-700) is available as a self-study program with an online test. Information about NIMS can be found at:

- [http://training.fema.gov/EMIWeb/IS/is700a.asp](http://training.fema.gov/EMIWeb/IS/is700a.asp)

FEMA offers a course on Introduction to Incident Command System: IS-100.b (replaced IS-100) and ICS for Single Resources and Initial Action Incidents: IS-200.b (replaced IS-200)

This self-study course and test are available at:

- [http://training.fema.gov/EMIWeb/IS/IS100b.asp](http://training.fema.gov/EMIWeb/IS/IS100b.asp)
- [http://training.fema.gov/EMIWeb/IS/IS200b.asp](http://training.fema.gov/EMIWeb/IS/IS200b.asp)

Also recommended is a course on the National Response Framework. This course is recommended for those wishing to interoperate with various served agencies. It is also a requirement for the AUXCOMM certification.

- [http://training.fema.gov/EMIWeb/IS/IS800b.asp](http://training.fema.gov/EMIWeb/IS/IS800b.asp)

The ARRL offers three courses on Amateur Radio Emergency Communications (AREC): EC-001, EC-015 & EC-016. These courses are available through online enrollment, and take a significant amount of time to complete (around 25 hours). While these courses are not currently part of the UCARES certification, they may be required to work with some of our served agency EOC's, and may be added to the certification at a later date. Information about the courses can be found on the ARRL website: [http://www.arrl.org/online-course-catalog](http://www.arrl.org/online-course-catalog)

UCARES may also offer the ARRL courses from time to time for free. Successfully completing an UCARES taught course is sufficient for passing the Continuing Certification requirement; however, to receive a certificate of completion, a fee must still be paid to ARRL.

**TERT Participation**

Timpanogos Emergency Response Team (http://www.tert.org) is a volunteer group that is sponsored by the Utah County Sheriff’s Office, and the US Forest Service. They provide a valuable service to Utah County and often work with emergency situations in extreme conditions. UCARES members that participate with TERT may count some of their activity towards Certification requirements as follows:

- TERT Training days (Outdoor or Medical) may each count as an SET
- TERT Weekends count as a Public Service Event (if on duty at least 8 hours)

Revision 31 - 12/12/12
Participation With Other Groups

Often we have the opportunity to volunteer and work with other groups in the community. While participation with them may be beneficial and even encouraged, they will not count towards UCARES Certification requirements. Only officially sponsored UCARES events will qualify, and you must participate as a UCARES member. If you have questions as to what is an official UCARES sponsored event, contact the Emergency Coordinator or one of the Assistant Emergency Coordinators.

Changes to Certification Levels

It will be necessary to make changes and improvements to the requirements. All completed Certification Levels will be automatically “grandfathered” in. You should always work with the current Certification requirements. If you are close to completing a Certification Level when changes are made to the requirements, and you wish to continue with the previous requirements, you should first discuss your options with the EC.
Utah County ARES Level Three Certification

Name: ____________________________ Callsign: __________________

Purpose
Prepare ARES member to have a responsible role in Emergency Operations.

Prerequisites
Complete Utah County ARES Level 2 certification. Date: __________

Training
Complete NIMS online course ICS-100.b
Introduction to Incident Command System
(attach a copy of the certification)
Date: __________

Complete your local C.E.R.T. program
(Attach a copy of the certification. If your city doesn't have a C.E.R.T. Program, you can take the course from a neighboring city)
Date: __________

Equipment
Mobile 2M or 2M/70cm synthesized radio (25 watts or better)

Powerpole to cigarette lighter adapter cable

Powerpole to alligator clips adapter

Powerpole three-way splitter

Spare fuses for mobile radio and cable (as necessary)

Liaison
Visit two (2) additional liaisons during ARES or RACES net
(Listed in UCARES Resource Book)

Have a registered liaison assignment
