

Orem and Provo CERT Training Spring 2019

What is CERT?

The Community Emergency Response Team (CERT) Program educates people about disaster preparedness for hazards that may impact their area, and trains them in basic disaster response skills. These skills include fire suppression, search and rescue, team organization, and disaster medical operations.

Using the training learned in the classroom and during CERT exercises, members can assist their family, community, or workplace following an emergency event when professional responders are not immediately available to help.

**YOU CAN MAKE A DIFFERENCE IN
YOUR COMMUNITY!**

The Orem and Provo CERT classes will combine for a hybrid course consisting of on-your-own online learning and in-class hands-on skills training.
