

# UCARES COMMS PLAN

## DURING A CALLOUT

### BEFORE A CALLOUT

Become familiar with your radios, callout procedure, and get to know your surroundings. Know where your city and county resources are. Do you know how to manually program your radio? Do you know where the EOC is located? etc.

### OUR ROLE

Our role is to assist communication, not take charge of a situation. FEMA training states most issues occur when well meaning individuals try to help in ways that are unhelpful. Please stick to your assignments.

### CHECK-IN ON STAFFING NET

"This is KI7SHU checking-in" - Wait for Net Control Response

### RECEIVE ASSIGNMENT

You may be assigned to a different frequency for a specific net

### COMPLETE ASSIGNMENT

Your Net Control will release you to report to the Staffing Net

### FREQUENCY PLAN

145.230 (-131.8): Lake Mountain  
145.470 (-100.0): Provo Hospital  
146.460: Simplex  
147.280 (+141.3): Lake Mountain  
**147.340 (+100.0): West Mountain (Staffing Net)**  
449.325 (-100.0): Provo Hospital
